## Foreword...

This book is released alongside the K.A.E.Z Company's exhibition of paintings on the theme of rabbits and is meant to act as supplementary material. Its aim is to provide those interested in the original exhibition with greater visual detail, as well as to bring more recognition of this type of artwork overall. Also, worth noting that it was thanks to the Department of Print and Literature's and the Department of Film's collaboration, this book came to be.
